Subject: Quotation for Recommended Production Spares
Holdings

Jon,

Attached is our letter quoting the supply additional spares holdings to support the Alstom drive during operation. I am not planning to mail the original letter unless you advise the need to have it.

Best Regards,

Subject: Recommended Production Spares Holdings

Dear Jon:

Alstom is pleased to submit our list of recommended production spares holdings. Together with the contractual start-up spares, this will allow adequate support for production operations. Please note that this list includes the complete spare SCR module that was quoted separately on January 23, 2004, communication no. AP-IP-L-016.

The total cost for this additional lot of spare parts is \$7,730.00. Delivery can be made in 6 to 8 weeks.

Let me know if you have any questions.

Sincerely,

Stephen P. Klein
